New EHF Referee couple

Dear Handball Friends,

The referee couple Jakub JERLECKI / Maciej LABUN was observed by a group of EHF experts during the 16th EHF Referee Candidates Course held in Vienna/AUT from 30.10.-02.11.2014.

Based on the reports from this course, the above mentioned referees from Poland participated successfully in the various events and tests and also proved their abilities on the playing court during their matches.

The European Handball Federation therefore awards the Polish referee pair

Jakub JERLECKI / Maciej LABUN
with the status of
EHF Referee

Both referees were informed by the EHF directly with a certificate. They as well received their EHF adidas referee uniforms and all other relevant documentation.

We welcome both and wish them much success officiating the EHF competitions.

Yours faithfully,
