11:30 1st Panel discussion

COOPERATION ASPECTS INCLUDING THE INVOLVED ACTORS AND FINANCIAL MODELS

Good governance in the grassroots sport requires mutual cooperation of 5 main stakeholders taking into account their respective competencies – the state institutions, municipalities, non-governmental organisations, private sector actors, volunteers and informal groups of sport enthusiasts. The results of this cooperation should contribute towards promoting and organising involvement of wider public in grassroots sporting activities, be it through ensuring favourable regulatory framework, logistical support or organising sport activities. How to ensure that this cooperation functions well and what needs to be done by each of the actors?
